**CARGO TOTE**

The collapsible soft-sided cargo tote is designed to hold a variety of smaller everyday items, helping to ensure they don't shift around or tip over in your cargo area. For added convenience, the tote includes removable plastic divider panels that hold items upright. It also features two carrying handles for easy loading and unloading, folds flat when not in use, and pops up easily when needed.

**VIP SECURITY – GLASS BREAKAGE SENSOR**

Designed to integrate seamlessly with your existing factory security/keyless entry system, the glass breakage sensor (GBS) uses a highly sensitive microphone to detect the specific frequencies of glass being struck or broken. If the GBS detects glass breakage, it immediately activates the vehicle security system, sounding the alarm and disabling the starter. The GBS is capable of ignoring noises other than those associated with glass, ensuring you're not inconvenienced by "false alarms." Features one-touch arming/disarming.

**REMOTE ENGINE STARTER**

Enjoy the luxury of having your vehicle ready and waiting with a comfortable interior temperature on cold winter mornings or hot summer afternoons, courtesy of the VIP Remote Engine Starter. This clever accessory allows you to start the engine—and to activate the air conditioner, heater, defroster and defogger functions—before entering your vehicle. It's fully integrated into your factory security/keyless entry system, so there's no need for an additional remote.

**PAINT PROTECTION FILM**

Help protect your Land Cruiser's factory paint from sand, stones, insects and other road debris that can chip and scratch the finish with paint protection film. Constructed from durable, colorless urethane and nearly invisible, it can be applied to the frontal impact areas of the vehicle including the hood and fenders, helping maintain a like-new appearance.

**BODY SIDE MOLDINGS**

Color-matched body side moldings protect your doors from scratches, dents and chipping, while adding a touch of elegance to your Land Cruiser's appearance. All body side moldings feature a high quality factory finish and are engineered specifically for your model, ensuring a precise fit. Body side moldings also help maintain your Land Cruiser's resale value.

**CARGO NET**

Keep your cargo area organized and protected from spills with this hammock-style cargo net, designed to hold a variety of everyday items—from groceries to athletic gear—helping to ensure they don't shift around or tip over. Made of a durable mesh netting, the cargo net attaches to defined points in the rear cargo area, making it easily accessible. It installs in seconds and folds flat for storage.

**CARPET FLOOR MATS**

Custom-tailored for an exact fit to your Land Cruiser's floor pattern, the carpet floor mats are constructed of high-grade plush nylon carpet, color-matched to your vehicle's interior and include an embroidered Land Cruiser logo. An aggressive no-slip backing helps keep the mats in position to protect your original carpet from premature wear and stains.

**BALL MOUNT AND TRAILER BALL**

Designed for use with Toyota tow hitches to accommodate the drop or rise needed to match your tow-hitch receiver to your trailer, the ball mount undergoes thorough lab testing—in conjunction with the Genuine Toyota tow hitch—to ensure it meets all Toyota performance standards, along with on-road testing to ensure the ball mount matches the exact capacity of your vehicle.

Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment.

**ALL-WEATHER FLOOR MATS**

Complement your interior and help protect your original carpeting from dirt, mud, snow and slush with these all-weather floor mats, custom-fit to your vehicle's interior and embellished with a custom-molded Land Cruiser logo. The mats feature a multi-dimensional design that channels liquids and debris away from your feet, along with a molded outer edge or perimeter "lip" to prevent moisture from reaching your vehicle's carpeting or flooring.
